Our classes are slowing down for the summer months. We know you are busy with graduations, weddings and barbecues.

Fine Points would be happy to schedule a class of your choosing.
Let us know what you would like to learn and we will do our best to find a teacher.
We like to learn and we can get it organized at your convenience.

Learn to Knit and/or Crochet with Faith Wyse, Saturday, July 18, 1-4pm, $35.00. There has been such an overwhelming response to this class that we want to try to offer it every month. Here's a great opportunity to learn to knit AND crochet in one class. Faith is a wealth of knowledge. She knits and crochets like a Learned once, but don't quite remember how to do it? Here is your chance to refresh your skills. Faith is skilled at both and will have you hooking and/or knitting in no time. Faith is a patient teacher, and a very creative person, with a welcome that gives everything she creates a big "WOW" factor. She will show you how to do this with even the uninitiated or novice in mind. Wow!

FELTED FLOWERS with Fran Steinbeck, Sunday, August 9, 1-4pm, $30.00
Fran Steinbeck is a Master Felter, Teacher and Author. She has been a focus on making flowers and leaves. In essence, you will learn to make felt fabric using roving, soapy water and agitation. Fran will show you how to combine colors, shape and texture to create beautiful flowers and leaves. Fran will show you how to make a stamen. Add a pin back to your creation or sew it on a felted bag. It's an amazing process!

NUNO FELTED SCARF with Fran Steinbeck, Saturday, August 22, 1-4pm, $50.00
(includes $15.00 materials fee). Create a one of a kind wool and silk scarf using Nuno felting techniques. Nuno felting is a Japanese technique of felting wool (roving) into lightweight fabrics using warm soapy water and a lot of elbow grease. As the wool fibers shrink and works its way into the fabric of the scarf, soft ruffles are formed. Take home a beautiful scarf, ready to wear or give as a gift.
